61 (HEALTH CARE) President Obama and (DEMOCRATIC HOUSE CANDIDATE) promised lower health care costs, but did not deliver. Their plan will explode our deficit by one trillion dollars, raises taxes when people are struggling, and takes away the health care choices we should be able to make by giving more control of our health care to Washington bureaucrats. I will fight to repeal and replace these policies with common sense solutions like expanding health savings accounts and having the ability to purchase health insurance across state lines, which will lower costs for working families.

62 (JOBS/ECONOMY) Congress is off on the wrong track when it comes to jobs and the economy. (DEMOCRATIC HOUSE CANDIDATE) supports an Obama-Pelosi agenda that kills jobs by trying to raise taxes on energy, increases costly regulations on nearly all businesses with a trillion dollar health care law, and wasted eight hundred billion dollars on an economic stimulus bill that failed to lower unemployment. I have a different approach that allows small businesses to take tax deductions to create jobs, repeal the small business mandates in the new health care bill, and limits federal spending going forward.
