Now I'm going to read you some pairs of statements. After I read each pair, please tell me which statement comes closer to your own view, even if neither is exactly right.

(RANDOMIZE Q28-32)

28. On immigration... **(ROTATE)**

We need to get control of the border, require illegal immigrants to re-enter the country legally, stop illegal immigrants from getting government benefits, and send illegal immigrants who are convicted criminals back to their home country.

...or...

It is impractical to expel twelve million people, but we need tougher controls at the borders, tougher penalties on employers who hire illegal immigrants and we should bar illegal immigrants from getting most government benefits, while allowing the law-abiding immigrants to get on a long path to citizenship.

(PROMPT:) Which statement comes closest to your own opinion?

49% REQUIRE ILLEGAL IMMIGRANTS TO RE-ENTER LEGALLY

44% ALLOW ILLEGAL IMMIGRANTS A PATH TO CITIZENSHIP

6% BOTH/NEITHER/DON'T KNOW **(DO NOT READ)**

1% REFUSED **(DO NOT READ)**

29. On Iraq... **(ROTATE)**

The President's surge strategy has improved the situation in Iraq and allowed us to withdraw thirty thousand troops. We should continue to slowly cut back troops and support a strategy that is already showing results and only fully leave after Iraq becomes stable.

...or...

The President's strategy leaves one hundred thirty thousand U.S. troops in Iraq for years, caught in the middle of an endless religious civil war. With the cost of the war now above ten billion dollars per month, we need to significantly reduce troops to force the Iraqis to find a political solution.

(PROMPT:) Which statement comes closest to your own opinion?

30. On spending... **(ROTATE)**

Republicans spent too much money when they controlled Congress, but now the Democrats want to spend at a much higher rate. We need to get spending under control and cut the waste before adding any new government programs.

...or...

President Bush and the Republicans ran up out-of-control deficits and now want Congress to approve two hundred billion dollars for Iraq this year. While supporting more money for Iraq, Bush wants to veto increased investment in new energy, health insurance and education. We need to limit spending, but we need the right priorities.

(PROMPT:) Which statement comes closest to your own opinion?

RIGHT PRIORITIES

6% BOTH/NEITHER/DON'T KNOW **(DO NOT READ)**

31. On the economy and taxes... **(ROTATE)**

Increasing taxes will hurt the economy. The economy is getting better and creating new jobs. Higher taxes and higher spending will make the housing problem worse and stop companies from adding more jobs.

...or...

President Bush's economic policy has been great for big business and the ultra wealthy, but it has left the middle class behind. We need tax cuts for the middle class, universal health coverage and investments in alternative energy to create quality American jobs.

(PROMPT:) Which statement comes closest to your own opinion?

- 30% INCREASING TAXES WILL HURT THE ECONOMY
 - 63% CUT TAXES ON MIDDLE CLASS/INVEST IN HEALTH CARE AND ENERGY
 - 6% BOTH/NEITHER/DON'T KNOW **(DO NOT READ)**

32. On politics in Washington... **(ROTATE)**

It is time for a change in Washington, and it is time to vote against all incumbents regardless of party. Republicans have messed up the Iraq War and have too many scandals, but Democrats have done nothing to change Washington, and have only worked to help their special interest friends.

...or...

It is time for change in Washington. President Bush has left us bogged down in a religious civil war, with the continued support of Republicans in Congress. They did nothing about health care, energy independence, deficits or immigration and have opposed every new effort on health care and lobbying reform. We need to support Democrats to bring change.

(PROMPT:) Which statement comes closest to your own opinion?
