

# The Economist/YouGov Poll

**Week 15 Fieldwork:** 25th-26th February 2008

**Full set of trackers with topical questions on the presidential candidates and respondents' perceptions of the candidates' policies**

Sample: 1,000 adult Americans

Margin of error: +/-4%

The margin of error measures only sampling variability, and does not adjust for other types of non- sampling error, such as non-response, panel participation, and misreporting.

The following tables show data from The Economist/YouGov poll, which will track popular opinion ahead of America's presidential election on November 4th 2008. Polling is carried out by YouGov/Polimetrix for publication in The Economist, and on Economist.com every Thursday at [www.economist.com/yougov](http://www.economist.com/yougov). Topical questions are set by The Economist in consultation with YouGov/Polimetrix.

Who would you like to be the Democratic nominee for President?
