Web Page:

Today we enjoy a Republican Administration, a Democratic controlled Senate, and a Republican controlled Congress. This diversity of political parties, views and opinions is healthy for the country. Political diversity offers people choice and hope. It contributes to a stable and productive nation. Without political diversity, the views of the unrepresented on matters of state, defense, economy and education go unheard.

Here in Hawaii political diversity is absent in the U.S. Congress. This is not good for Hawaii. Let us bring back political diversity to our Congressional delegation. Your vote can affect that change.

While the term will be short, the change in representation sends a clear message to the rest of the nation that Hawaii is willing to accept political diversity. For this reason, I ask for your vote.

Regarding my qualifications, I have been actively involved in both national and international commerce for more than 35 years. For fifteen years, I have owned and operated a national real estate referral service. Daily I share the concerns of citizens around the country.

My BA degree is in Government from Boston University with graduate studies at Harvard University.

Leadership achievements include The Rotary Foundation Citation for Meritorious Service. This prestigious service award, one of only a few granted worldwide each year, acknowledges my efforts to encourage world understanding and peace.

Well regarded 27 year Rotarian. Past District Governor – California Jaycees. Married 38 years with three adult children and two grandchildren.

Presented by Walter R. Barnes
