I stand on the principles of Honor, Integrity, Honesty and Accountability. I pledge to work hard in Congress for the good of all our people. Here are some of the Local and National Issues I will address in Congress:

LOCAL ISSUES

ECONOMY: Establish Asia-Pacific Economic Relations, to stimulate business investments, diversify our economic base, and create high paying jobs.

EDUCATION: Increase funding for our public schools and University of Hawaii.

TRANSPORTATION: Funding for Airports and Harbors expansions. Traffic relief with Highways and Mass Transit development. Exempt Hawaii from the Jones Act.

PUBLIC SAFETY: Funding to develop major Rehabilitation Centers at existing facilities on Midway and Johnston Islands.

ENVIRONMENT: Funding to establish the Environmental Protection and Enforcement Agency. Funding for endangered native species propagation, breeding and release.

Funding for National Parks, Landmarks, Historic and Cultural Sites. Funding for Arts and Science Museums and Theatres for the Performing Arts.

NATIONAL ISSUES

TAX SYSTEM: Evaluate the Flat Rate Tax System. Eliminate taxes on food and medicines. Decrease the Estate Inheritance and Capital Gains taxes. Prohibit corporate off-shore tax shelters.

WAR ON IRAQ: Seek International Diplomatic Resolutions to prevent a WWIII.

US CURRENCY: Revert back to the Gold Standard that backs the US Dollar, to increase economic stability, decrease the national debt and balance the budget.

ELECTORAL COLLEGE: Omit this outdated method for Presidential elections.

PRAYER IN SCHOOLS: Re-establish free-time, voluntary, student led prayer for all religious faiths in public schools.
